ATTACHMENT C (Development Application)

Statement of Environmental Effects (SEE)

A Statement of Environmental Effects (SEE) is required to accompany all development applications. This Statement of Environmental Effects template is designed to form an attachment to the Development Application. It can only be used for certain development types (see below).

✓	Applicable Development Types	
1	Single Residential dwelling (single storey and in a residential zone only – excluding Conservation Area)	
	Residential Alterations or Additions (single storey only)	
	Other Domestic Buildings and Structures (including swimming pool, sheds, carports, etc.)	
	Strata Subdivision of existing buildings	
	Minor works in Conservation Area (e.g. painting, cladding, plastering, re-roofing, changing materials, fittings such as doors, windows and screens, etc.)	

Other development proposals must be accompanied by purpose written statements.

The SEE must address all impacts that are relevant to your proposal. Appendix 3 of the **Development Application Preparation and Lodgement Guide** will assist you in ensuring that you have considered all of the potential impacts relevant to your proposal. Other issues not listed in Appendix 3 may also be relevant and should be included in the SEE. You are encouraged to expand upon the material provided in any way you perceive as relevant.

Where potential impacts are identified, please ensure that you provide relevant comments and information on the measures that are proposed in order to mitigate against those impacts. You may need to provide additional pages/documentation (etc.) as an attachment to this SEE.

 $m{m{\angle}}$ I have provided supporting information on pages/documents attached to this SEE.

Failure to provide the requested items will delay processing of the development application and may result in the application being returned to you for completion or additional information requests being forwarded to you from Council.

Application Details						
Applicant: Brancell	Homes PTY LTD					
Lot and DP No.: 184/ 705940						
Street No.: 115	Street Raye Gree	<u> </u>				
Locality: Tolland, Wagga Wagga						

Department of Development
Description of Development
(Should Include where applicable a description of matters such as proposed buildings, proposed building materials, nominated colour scheme, nature of use, staging of the development details of any demolition and other works etc.)
Scale Storey O allow M. Herbed Google Rock and
Single Storey Puelling with Attached Gorage, Porch and Secondary Dwelling
Secondary Dwelling
J . 9
Department of City
Description of Site
(Should include where applicable a description of the physical features of the site such as shape, slope, vegetation, any waterways. Also describe the current use/s on the site.)
Description:
611
Flat site
What is the present use and previous uses of the site?
Varant Land
Vacont cond
Is the development site subject to any of the following natural hazards:
☐ Bushfire Prone? ☐ Flooding or stormwater Inundation?
Comments:
- n / h
N A
(Note if the site is identified as Bushfire Prone it will be necessary to address the Planning for Bushfire Protection Guidelines and in the case of subdivision the development will be integrated. For further information please consult
the NSW Rural Fire Service web site www.rfs.nsw.gov.au).
What other constraints exist on the site?
(e.g. vegetation, easements, sloping land, drainage lines, contamination, etc.)
N/A
140/11
What types of land use and development exist on surrounding land?
Residential
(CESTURATION)

Planning Controls Yes □ No Is your proposal permissible in the zone? XI)Yes □ No · Is your proposal consistent with the zone objectives? If you answered "No" to any of the above, you should make an appointment to discuss your proposal with a town planner or building surveyor before lodging a development application. Comments: Context and Setting • Will the development be: · Visually prominent in the surrounding area? ☐ Yes ☑ No · Inconsistent with the existing streetscape? ☐ Yes PNo · Out of character with the surrounding area? ☐ Yes No · Inconsistent with surrounding land uses? ☐ Yes
☐ No Comments: Privacy, Views and Overshadowing Will the development result in any privacy issues between adjoining Properties as a result of the placement of windows, decks, pergolas, private open space, etc.? ☐ Yes ₩ No · Will the development result in the overshadowing of adjoining properties resulting in an adverse impact on solar access? ☐ Yes ⋈No Will the development result in any acoustic issues between adjoining properties as a result of the placement of active use outdoor areas, vehicular movement areas, air conditioners and pumps, bedroom and ☐ Yes 🖾 No living room windows, etc.? • Will the development impact on views enjoyed from adjoining or nearby ☐ Yes MNo properties and public places such as parks roads and footpaths? Comments

Other Relevant Matters

Section 78A(9) of the *Environmental Planning and Assessment Act 1979* states that the regulations may specify what is required to be submitted with a development application.

Section 50(1)(a) of the *Environmental Planning and Assessment Regulation 2000* states that development applications

02 /08 / 2022

must contain information and documents specified in schedule 1, part 1.

Schedule 1, part 1, subclause 2(1)(c) of the *Environmental Planning & Assessment Regulation 2000* requires the submission of Statements of Environmental Effects (SEEs) with all Development Applications (other than designated

development)

Schedule 1, part 1, subclause 4 of the Environmental Planning & Assessment Regulation 2000 states that such SEEs

- The environmental impacts of the development
- How the impacts have been identified
- The steps to be taken to protect the environment or lessen the expected harm to the Environment
- Any matters required to be indicated by any guidelines issued by the Director-General.
